Demonstration of Change

To describe changes which occurred from your 1997 to your 1999 needs assessment.

Risk Factor: A: Antisocial behavior in Adolescents, B: Low Neighborhood Attachment

Activity	What objective does this address?	Was there a positive change?	Was there a negative change?	No Change indicated	How do you know change occurred?
Teen Night out	A1: Antisocial behavior among adolescents	✓			1. Attendance increased from an average of 12 - 30 in 1997 to an average of 140 in 1999 2. Vandalism has decreased from an average of 19 incidents per quarter 1n 1997 to 9 in 1999
Parent Training	A2: Develop and deliver a parenting program for middle school students to prevent FAS & FAE and instill positive parenting skills			✓	This program has not indicated any change to date. However, due to this program three individuals were referred for family addictions counseling and one other student was identified as being abused by an alcoholic parent.
Community Awareness Campaign	B1: Low Neighborhood Attachment	✓			1. An ordinance was passed to have rolling papers removed from store shelves under their use as drug paraphernalia . 2. The local paper has begun a series of the impact of heroin use in the high school
